Letter: Greetings,

The President of the United States  
The U.S. Senate  
The U.S. House of Representatives

Please solicit Congress to immediately investigate and pass legislation to stop the fraudulent misdiagnosis and detention of involuntary human research subjects as mentally ill without proper validation as set forth by individual State policies and procedure. Victims may also be used as non-consensual human research subjects of military training. We join the United Nations World Organisation on Torture Twenty-second Session of the General Assembly in asking for an investigation into the torturous practice of forced psychiatric treatment.

These false and forced institutionalizations based on fraudulent diagnoses are being used to isolate, silence and ruin the credibility of (as former Congressman Kucinich stated, "high-valued targets"), victims. The misdiagnoses, then create doubt of the victim's statements of abuses by these many technologies. Such false and invalid diagnoses are also used to 'cloak' non-consensual human experimentation testing and evaluation of various technologies, and other crimes against humanity.

Former Ohio Senator John Glenn introduced the Human Research Protection Act to Congress in January 1997 (S.196). Former Senator Glenn's speech as reported in the Congressional Record is shown below. Former President William Clinton issued Executive Order 12975 October 3, 1995 to regulate research on human subjects called the Protection of Human Research Subjects and Creation of National Bioethics Advisory Commission. A memorandum was issued March 27, 1997 by President Clinton strengthening the protection of use of human subjects in military "Classified" research. Ohio Representative Dennis Kucinich introduced the Space Preservation Act in October 2001 (HR 1977), asking Congress to ban the use of military space weapons in the United States which included psychotronic

weapons. (<a href="http://www.fas.org/sgp/congress/2001/hr2977.html" rel="nofollow">http://www.fas.org/sgp/congress/2001/hr2977.html</a>)

Patents for military technology have been identified as the cause of many claims of psychological and emotional harassment. Many people in these States of America are reporting to be targets of military and government research of remote neural monitoring and behavior influence technology via the use of Directed Energy Weapons and electronic harassment. A significant percentage of these people have been forcefully admitted to mental institutions and psychiatric hospitals as a result of filing complaints of this harassment. False diagnoses have been used to label the victim with schizophrenia and/or delusional diagnosis. Depression is another diagnosis usual to this type of psychological and physical mistreatment of humans which fits the description of torture. Some of the victims have found that their mothers were also victimized by some psychological symptoms that can now be attributed to the use of military technology on them.

We applauded the March 7, 2013 signing of the Violence Against Women Act by President Obama which strengthens the laws against the abuse of domestic violence. On May 2, 2013, Vice-President Joe Biden remarked that women do not want to report abuse because of the fear of being “raped by the system”. This statement could be used to support and include claims of being labeled schizophrenic or delusional by the same system that is sworn to “protect, serve and provide medical attention”. The law strengthens the criminal justice system's response to crimes against women, including domestic violence, sexual assault and trafficking, says UPI’s Dennis Brack.

Please urge Congress to implement guidelines for the use of the American Medical Association, American Psychological Association and other healthcare providers before stereotypical mental health diagnoses and/or committal can be carried out.

Dr. Millicent Black	Columbia, TN	2013-05-08	Too many people, particularly women, are being forced to take psychotropic drugs and/or be involuntarily committed to mental health facilities to cover the illegal use of them or their family members as non-consensual government experimentees or because they refuse to keep quiet about the abuses of the criminal element of our government. I would like to see legislation implemented to stop such abuse of power and failure to protect by law enforcement, the medical profession and the government.
John Smith	Columbus, OH	2013-05-08	This petition is extremely important and represents the victims of our country and abroad who have become victims of non-consensual human experimentation or the non-consensual use of citizens for military training readiness which is unethical. There are laws to protect human beings and it is time for our government...Congress to stop these torture attacks on innocent men, women, children all for being a citizen of this great country.
angelica d'archangelis	Seattle, WA	2013-05-08	pretty much hits the nail on the head... cornered into the fake diagnosis and then all hell breaks loose...
Julio Velazquez	Valrico, FL	2013-05-08	I am falsely diagnosed and am an Electronic Harassment (Microwave/Electromagnetic radiation signals) victim. I am a drug whistleblower of corrupt cops in Fajardo, Puerto Rico.
Sonya Gore	Laughlin, NV	2013-05-08	I am part of the TI community and have friends going through this.
Janet Smith	Vancouver, WA	2013-05-08	stop the denial of science and technology being used on innocent civilians as well being used by criminal civilians and black market to destroy the credibility of the innocent civilian so they may continue in criminal activity.

Rene Del Toro	Joppa, MD	2013-05-08	<p>My letter to you respectfully requests that that your office consider the following matters in your widely-publicized efforts to initiate hearings on Capitol Hill to expose the atrocities of the government's clandestine services, which, you are probably unaware, are involved in the systematic "psychotronic torture" and "electronic assault" of thousands of innocent Americans, including me. Since [YEAR] I have been the victim-target of directed energy weapon attacks, covert surveillance, organized stalking and orchestrated harassment committed by anonymous [NSA or whatever perps] community operatives. I implore you and your staff to spend a few minutes browsing the internet where you will find hundreds of credible victim accounts and a body of scientific evidence that corroborate that there is a widespread, pervasive secret war being waged by a rogue element of the [NSA,CIA, FBI, military intelligence, or whoever else] against unsuspecting citizens nationwide. Many victims of land-based and satellite-based directed energy weapon attacks are jolted and shocked with electrical current that, in some cases, produces visible burns to various parts of the body. The technology is so advanced and so precise that many women (SUCH AS ME) describe sensations of painful penetrations in private areas. These (WE) women refer to this as virtual rape. Most men (SUCH AS ME) report painful electrical attacks to their genitals. There is also significant evidence that the weapons transmit extra low frequency signals that connect to human neural frequencies thus creating sounds and "voices in the head." This effect mimics the classic clinical symptoms of schizophrenia. In the 1970's the CIA was ordered by Congress to cease mind control and electronic experiments but the experiments continued. And, now, 40 years later, the technologies have been perfected. Before discounting these matters as nonsense, I ask your office to make inquiries and conduct research in a sincere and determined effort to prove the weapons technologies exist and to prove that the weapons are being covertly deployed against "everyday" Americans; none of whom are enemies of the State. You will find there are too many technological common denominators to simply ignore and there are too many credible victims that cannot simply be categorized as delusional. Please take these matters seriously and include them in your crusade to bring about public hearings on the illegal activities of America's intelligence agencies. I Mr. Del Toro: Am a target individual because of my participation as one of the truck drivers of corrupt Federal Officer Sanchez and his corrupt FBI colleagues and NSA associate. At 10350 NW 112 ave Medley Florida, my sole purpose for participating in this was for their Drug Smuggling Ring from behind Government doors, Now though the course of I Smuggling their drugs, I witnessed rape child molestation murders, torture blackmail extortion racketeering and even hatred against the American people in south Florida. In addition, some of their colleagues are white Americans that have treason themselves against their own people. In addition, are alouding these Cuban heritage federal offices to commit atrocities against the white American people? In south Florida. Sanchez brought to my attention For my wellbeing to take there five million dollar bribery payoff and For the reassurance of Sanchez and his colleagues, For my silence and not pursuing their exposure to date one of Sanchez relative who works as a US-Marshall at FDC Miami FL, bureau of prisons my family and I have been threatened by Sanchez and his colleagues to be killed. These NSA an FBI operatives, and their supervisor whom, have engage in the villainous conduct depicted in my case by trying to characterize me as a incompetent person lacking power to Act with legal effectiveness and unable to perform specified Act by showing lack of thought. To make me seem to others that does not know me without adequate ability to think correctly. With the super-computer famously known as the alien technology. This is why they put me in a thoughtless mind frame with the (RFID Chip) and (Nano Technology) this invasive practices and technology is design to avoid detection and the blame for the offending parties. All of this is committed with the Tools they use in there field office. This sophisticated alien technology computer software another name for it is the star wars supercomputer the room with all these software and computers it's also called the truth room and its capability (RNM) can send encoded signals to the brain's auditory cortex thus allowing audio communication direct to the brain bypassing the ears. NSA &amp; FBI operatives use this to covertly debilitate a subjects by simulating auditory hallucinations (RNM) is also used to send images direct to the visual cortex bypassing the eyes and optic Nerves to surreptitiously put images in a surveillance subject's brain electric magnetic pulse system ( MDD 1 ) is about robotic mind control software. In addition, the endless capability of this sophisticated classified computer Technology that is beyond any Civilians Imaginations, in effort to terrorize and demoralize me as the target individual. For the purpose of killing or imprisoning (me as the target individual) and engaging in extreme calumny, slander and disinformation against me the target individual, By surveilling me 24/7 In real time, also by sending me as the target individual, Specified codes messages using trigger words Numbers and phrases to enhance the terrorist effects by hideous actions and generally engaging in Uncivil abrasive actions against, me the target individual into physical confrontation and to lure me into performing some type of Unacceptable conduct, Those who aid and condone the actions of Corrupt federal officers and their barbaric crimes are also Criminals by default. Who fail in their responsibility to stop the crimes of terrorism, high treason, child molestation, rape, murder, drug trafficking, drugs smuggling, and treasuring there owe government, by putting hatred in the Hispanic people of south Florida against the American people, Officer Ricky Sanchez. I am bringing awareness to society and all branches of the federal government as an ex member of your drug ring operation from behind NSA an FBI door's out of Dade County Florida. I am alive because I am being Help by a small group of Officers that believe In Justices and due process of Law. My participation in the gang of corrupt FBI &amp; NSA officers Purpose was for the transportation of their drug smuggling ring, which they arranged for me and other civilians Truck Drivers to Pass the Check Points while they were Monitoring Us and Guiding Us Through the (DOT) checkpoints. With the alien technology, they instructed me to look directly into the eyes of the (DOT) officers when I looked directly into their eyes the (DOT) officers were not able to look directly into my eyes and proceeded on giving us the green light to Go On ahead. This ability of the classified alien technology surveillance computer software is being use to manipulate and confuse any individual. In my case the DOT officer were put in a thoughtless mind frame. For the safe passage of their drugs to one of their safe house in south Florida, This is the reason they have made ten's of million's of dollars. In addition, offering protection to the local kingpins for the distribution of these corrupt NSA &amp; FBI own drugs. At the same time providing protection, surveillance, covert intelligence gathering, besides enforcement, obtaining information from databases, and passing such information directly to the drug traffickers these officers are rewarded with an undisclosed amount of wealth and the service of prostitutes and for the gain of more power in their own organize crime family. In addition to control over the drug trafficking Drug Smuggling World of South Florida, and yes these corrupt officers due rest criminal is the politics they play to stay under the radar from Washington, DC. This new alien technology of hi tech electronic devices is dealing with the art of science and applying scientific knowledge to practice. This is a real dangerous technology in the hands of corrupt personal of government. Who are taking advantage and are committing all kinds of crimes? In addition, forcing the code blue among colleagues and paying off other ones for their silence and protection. I am one of the few living witness of their barbaric crimes who worked hand and hand with these corrupt officers.....</p> <p>Cordially, Sincerely,  Mr. Rene DelToro  1006 Trimble Rd  Joppa, MD 21085-4820 443-465-8964</p>

It was not under my car nor the cars on either side of me, so I got back in my car thinking where did it go. Started to pull off slowly and looked in the rearview the ball rolled straight from under the back of my car kept going then made a right turn as if it was being remote controlled. Some are forced into psychiatric hospitals and mental institution for what is made to look like treatment when it is really to discredit the person to silence them. Since damages to our health and property is being caused by cyberterrorism I believe that ALL people should become familiar with the subjects of psychotronics, cyber warfare, psychological operations, electronic harassment and the law on neuro invasion as violation of our human and civil rights.

Manilo Galina	Maynila, Philippines	2013-08-21	<p>Ellen White and mental health therapeutics</p> <p>Merlin D. Burt</p> <p>Ellen G. White was no stranger to mental health issues. She personally wrestled with depression in her conversion process as a young person, and her family faced some challenges as well. Her husband experienced strokes during midlife that seemed to have altered his personality. A few of her siblings' children suffered from mental illness, and even her own son Edson may have had an attention deficient disorder. In her spiritual counseling work, Ellen White often addressed matters of the mind. As seen in the last issue of Dialogue, she frequently wrote and spoke to individuals who were affected by emotional and mental difficulties. She always extended hope and pointed to a loving heavenly Father and a tender Savior who can heal and deliver those who are wounded and broken by sin and life's adversities.</p> <p>In dealing with mental illness and health issues, however, Ellen White wrote strongly against the use of drugs and against "psychology." From this, some have concluded that Ellen White was against the modern application of these modalities in dealing with mental illness. Such a stand is far from accurate. In order to correctly understand Ellen White's views about a therapeutic approach to mental healing, one must understand the 19th century context of her writings.</p> <p>Before we go into that, we must note two vital points. First, Ellen White frequently underscored the vital importance of mental health. "The mind controls the whole man. All our actions, good or bad, have their source in the mind. It is the mind that worships God and allies us to heavenly beings."<sup>1</sup> Second, she recognized the effect of physical health on the mind. "All the physical organs are the servants of the mind, and the nerves are the messengers that transmit its orders to every part of the body, guiding the motions of the living machinery."<sup>2</sup></p> <p>Use of drugs in therapy</p> <p>Because of the confused and problematic state of drug therapy during most of Ellen White's lifetime, she had little or nothing to say about the medicinal treatment of mental illness. Her philosophical basis for healing and mental health therapy was more wholistic, emphasizing spiritual, hydrotherapeutic, and natural remedies. She wrote:</p> <p>"Pure air, sunlight, abstemiousness, rest, exercise, proper diet, the use of water, trust in divine power – these are the true remedies. Every person should have a knowledge of nature's remedial agencies and how to apply them. It is essential both to understand the principles involved in the treatment of the sick and to have a practical training that will enable one rightly to use this knowledge."<sup>3</sup></p> <p>The 19th century was a time of confused and fallacious philosophies of healing. The default treatment modality was the "traditional" heroic therapy advocated by Benjamin Rush. He advocated bloodletting, blistering, and the use of emetics to relieve "fevers" or "vascular tension" that he believed caused illness. This included the internal use of drugs such as calomel and the topical use of caustic chemicals. Calomel was a mercury compound used as a purgative. The poor person's alternative to "traditional" physicians was the Thompsonian approach. Samuel Thompson said that all disease was caused by cold. He therefore sought to increase the body's natural heat. He used lobelia, an American plant that had sedative and emetic characteristics. Other philosophies of healing included homeopathy, which purported that small doses of drugs that produced the symptoms of a disease in a healthy person could cure the same disease. By the time of the American Civil War, homeopathy was the preferred method of treatment by physicians who had rejected "heroic therapy." Beyond these therapies, there were many other treatments that had questionable philosophical bases and used drugs such as opiates, arsenic, and quinine, together with various plant and root products of often-unknown origin. These were usually suspended in alcohol.</p> <p>Little wonder that Ellen White wrote against the use of drugs during her lifetime. In one of her classic statements, she said: "There are more who die from the use of drugs, than all who could have died of disease had nature been left to do her own work."<sup>4</sup> She was not opposed to the use of drugs when they had lifesaving results, even when the drug was dangerous. For a time in the treatment of malaria, quinine was the only known drug. Ellen White indicated, "We are expected to do the best we can," and "if quinine will save a life, use quinine."<sup>5</sup></p> <p>The modern use of drugs in psychiatric treatment has a more physiological basis and would follow Ellen White's position that doctors understand the "principles involved in the treatment of the sick." Were she present today, she would probably still argue that natural methods are best where possible but that physiologically-based drug therapy has its place.</p> <p>Ellen White's statement against psychology</p> <p>Three schools of healing prevalent in Ellen White's time – mesmerism, phrenology, and rest cure – influenced her comments on psychological and mental health issues. White was strongly opposed to all three. In 1862, she wrote: "The sciences of phrenology, psychology, and mesmerism are the channel through which he [Satan] comes more directly to this generation and works with that power which is to characterize his efforts near the close of probation."<sup>6</sup></p> <p>Mesmerism. During her early ministry, Ellen White was forced to repeatedly confront mesmerism and its mind-manipulating methods. In the United States during the mid-19th century, animal magnetism was a popular philosophy of healing. Originated by Viennese physician Franz Anton Mesmer (1734-1815), it taught that an invisible magnetic fluid permeated the universe. Mesmer theorized that disease produced an imbalance of this fluid within the human body, which could be cured through the use of magnets and electrical current. He eventually abandoned the use of magnets and proposed that the "healer's body" "permeated with animal magnetism, could redirect the patient's magnetic fluid without the use of magnets." The goal was to induce a "crisis" by altering the subject's mental state through fever, delirium, convulsions, uncontrolled weeping, and nervous twitches. Mesmer saw these manifestations as healthy symptoms of healing. Suggestibility and dominance were used to produce a trance and thus realign the body.<sup>7</sup> James Braid later redefined the term "mesmerism" as hypnotism, and Mesmer</p>

History reveals that some of our mentally ill are among our greatest artists, yet we continue to shun. We think that if we medicate the mentally ill they will quietly go away. Much of this can be attributed to Ronald Reagan's coat saving when he closed hospitals and put the mentally ill out on the street. Educate people, don't knee-jerk medicate.

I just mentioned that there are so many cell towers near my home that it is possible that radiation from the towers killing the body cells and that is why I was feeling week and fatigue. The doctor contacted my son and told my son that I had a mental illness and need psychiatric evaluation and treatment. I was falsely diagnosed with paranoia. I am 67 years old and have never seen a Psychiatrist and I have never been on any medications.

We are all exploited and attacked by our own government and for it not to recant these orders and protect us - we the people are the government - demands legal redress. I know from personal experience the damages, destruction and deaths which are currently carried out on free American soil. This has to be stopped and the offending conspirators held accountable and publicly.
Debi K Kelsey	Riverside, CA	2013-10-23	Ive been a victim of teargating and a gangstalking survivor for many years. I am subjected to tolerance testing as well as a myriad of psychological as well as EMF tortures. I became a gangstalking victim last year when I moved into a perp house (unknowingly) that my landlord Rick Willis and ex-boyfriend had orchestrated several attacks on me ranging from V2K, DEW weapons, chemical poisonings,assaults, druggings and radiation attacks. I have numerous health issues resulting from last years attacks which include implants that I have pics of. My ex. Bill Guzenski works for the DOD and we had a nasty break-up. My ex-landlord is into drugs and ritual magic which he and other perps would drug me for their rituals,rob, assault and put foreign objects in my body. The list of tortures is endless and these events are just a sample of what I endured. This is the worst form of slavery know to mankind and a total abuse of my human and constitutional rights. This dirty little secret has to stop and the bullies need to be revealed for who they are. Sadists and sociopaths that achieve nothing more than perpetrating more fear and hate.

A PITT	COLUMBIA, SC	2014-01-31	<p>I've started the petition "Barack Obama and Aaron Schock and U.S. Senate: Eradicate US Army Toxic Leadership" and need your help to get it off the ground. Will you take 30 seconds to sign it right now? Here's the link:  <a href="http://www.change.org/petitions/barack-obama-and-aaron-schock-and-u-s-senate-eradicate-us-army-toxic-leadership" rel="nofollow">http://www.change.org/petitions/barack-obama-and-aaron-schock-and-u-s-senate-eradicate-us-army-toxic-leadership</a> Here's why it's important:</p> <p>To Whom It May Concern,</p> <p>I was the immediate supervisor for SPC Anzala Pitt at C.Co 225 BSB. In the time that SPC Pitt was part of my squad she encountered numerous difficulties which I believe were entirely due to being mistreated by her senior leadership. When SPC Pitt arrived at 225 BSB she had a medical situation that required attention prior to her deployment to Iraq. When she voiced her concerns to 1LT Riglick not only were her concerns dismissed but her private health information was erroneously released to multiple parties. SPC Pitt filed a complaint for the HIPPA violation against the offending party, 1LT Riglick. A few months later 1LT Riglick was assigned to C.Co as our Platoon Leader. This is undoubtedly the situation that caused SPC Pitt to be labeled as a problem soldier by C.Co leadership. SPC Pitt was not protected from reprisal and was treated badly for the duration of her time with C.Co 225 BSB. The result of filing her HIPPA complaint against 1LT Riglick was having a stigma placed on her by the very leadership that was supposed to be protecting her. She endured rumors, attacks on her character, and even attempts at discrediting her intellectual capacities. She was even accused of having inappropriate relationships with multiple senior Non-Commissioned Officers by our Platoon Leader 1LT Riglick. SPC Pitt continuously sought only to do her job as a mental health specialist and as her first line supervisor I pushed for her to be moved from the company to the Troop Medical Clinic. When SPC Pitt was sent to the Troop Medical Clinic to preform her duties as a mental health specialist C.Co leadership made sure to let the incoming social worker know what their impression of her was. SPC Pitt then worked with Major Ball, who had already been told she was a problem soldier, and was subsequently treated horribly to include having to undergo a mental health evaluation without provocation.</p> <p>SPC Pitt requested on numerous occasions to be moved from C.Co 225 BSB to another company, battalion, or division to get out from underneath the stigma placed on her. These requests were heard by our Company Commander, 1SG, Platoon Leader, Platoon Sergeant, Command Sergeant Major, and even Division Command team but nothing was done. Instead of helping the soldier 1LT Riglick and Major Ball ordered me to counsel her for their perceived insubordination. When I disagreed with these orders it was made clear that my military career was also in jeopardy. I was ordered by 1LT Riglick to counsel SPC Pitt for not properly using her chain of command to which, I informed the command that she had done exactly what procedures are outlined. The result of my not counseling her for this was to have my MEDPROS status changed to non-deployable by 1LT Riglick. This retaliation against me for defending SPC Pitt would have ended my career if I had not already been found deployable and fit for duty by the Medical Review Board in 2008. Despite her outburst which finally concluded her time in C.Co I would still recommend that she be retained by the United States Army. SPC Pitt endured being mistreated for months and still maintained a positive attitude. Her intellectual prowess combined with her willingness to work make her a viable asset. I believe that if SPC Pitt had been able to move to another command away from the toxic leadership of C.Co 225 BSB her military career would have flourished.</p> <p>SGT David Trapolsi</p> <p>You can sign my petition by clicking here.  Thanks!  A PITTD</p>

Peter Keri	Budapest, Hungary	2014-05-10	I experience so called microwave hearing / synthetic telepathy like "communication", what is absolutely based on digital voice patterns most of the time, and am sure that it is kind of "input-output" mechanism, not only a non voluntary communication, but as I figured out an annoying data mining of thoughts. Further as I experience surely could be diagnosed as a mental illness, but all these "discussions", "tinnitus based pain" "vision-to-voice" experiences are not organic, but made and transmitted by digital sources. For a year now I experience these effects, first they were harsh and unbelievable, till now gradually lower but all this manipulation(?), data mining(?), still exist. I live my life quite normally, but there is no platform to turn to. Hopefully this petition can help, finding the causes, users of these "legal" "non lethal" weapons, and may stop these operations.  Hope together we can be stronger fighting these unseen operations, believe that this scientific knowledge will be human friendly, and not against humanity once.  Peter Kéri

Mark Iannicelli	Denver, CO	2014-09-30	I am a targeted individual and have been implanted and psychologically harassed in hospitals across the United States for 25 years. My first encounter to psychological torture was at the San Francisco General Hospital Psyche ward in 1987 -89 . A male nurse named Tom Reichardt under the supervision of a Dr. Stuart and a Dr. Elmer Cohen psychologically damaged patients and let contractors use strobe lights to effect me Just recently in Denver, Colorado at Rose Medical Center a perp was implanting more probes inside my body after Dr. Stephanie Miller let him have me while under anethesia in December 2013. We need to find a country that will help us and hang an American perp with a Direct Energy Weapons. I am wanting to form a mile high chapter here in Denver, Colorado for targeted individuals that have probes, chips, V2K, etc.and would like to organize a Targeted Individual Motorcycle Club with our ribbon's colors as Indigo and White. We will ultimately have to take an offensive since everyone is being disinformed with stassi /F.B.I.counterintelligence tactics. We need to have our implants removed and to start killing the low lifes that turn people a slave in their own skin.

TiAunnie Calhoun	Marietta, GA	2015-03-23	<p>Good Morning. My name is TiAunnie Calhoun. I'm 37 years old. I went to Chute Middle school and Evanston Township High. I'm contacting you because I'm being targeted as a child molester. To be up front in the six years since I've found out local law enforcement hasn't helped and this is full blown targeting with gang stalking , cyber stalking, unlawful intrusion I.E. cell phone cloning, and blackmail and extortion. Which has not only severely disrupted my life but the lives of those related to me. Banana jokes and buzzwords circulated around a rumor that I assaulted a child in my care with one. At the time I was living on Brummel across from the park. The Lane family lived down stairs from us. They seem to be the source of rumors and speculation. Which has filled me to Georgia and to this day rumors are being added to this thus me being improperly targeted. What can I do? This also involves a group of girls from Evanston high acting as if the Lane children were they're own and circulating more disinformation. Again I'm being targeted and have been for years which I've been trying to have police investigate from Marietta. A women disseminated flyers claiming me to be a convicted child molester. This same woman is responsible for putting cameras in my house and spiking my prescription asthma medication. Yes they've been tested and no local law enforcement still didn't help. As I understand it the lack of action by police is Color of Law. But it still hasn't helped me get these allegations and rumors investigated. So they're rumors circulated among the communities and beyond forming a vigilante group focusing on me as a predator when there has never been a police report. And the damndest thing in a small southern suburb no attorney, not even child abuse attorneys are taking my case. Telling me that if it's only rumors. . . Who slept with who is only a rumor. Telling people you've pictures of me and that I'm a convicted child molester ain't just a Damn rumor! I understand the law and that I'm supposed to start where I live. Six years of which has gotten me beaten by police, jailed and hospitalized on homicidal and suicidal indications, after I was raped by D'Angelo Marcus Costello and told I deserved it and it was turned into a relationship and porno. Oh, and I'm being poisoned. The more vigilant I am the more I'm threatened or dealt with. This time the excuse is the hot tube at the gym. Last time it was my detergent. The time before that, my soap. Before that, someone claiming we're dating, a woman, the excuse was something I ate. And I'm being told I'm just being sensitive. They're also using Brain Computer Interface and Voice to Skull which is being explained away as a soap opera, trash entertainment, treatment, a charity and security. I'm being exploited and they're selling access to this and showing others how to do it, discredit me and make look bad. It being illegally using military technology to show and manipulate images in my brain and pirate ideas, likeness, research, art, work, proprietary formulas, and intellectual property. They sell this information to health and beauty, fashion , pharmaceutical, companies and sell it to script writers. They also use the information I tell the police to mock me on social media and a website they've build on the android platform complete with user log in and pass words. This website allows several people to both access my brain via Brain Computer Interface for harvesting images, and communicate voice and sounds to me without a phone using Voice to Skull. Again this is military technology that I believe they've gotten illegally and have been playing it off as entertainment and gossip like Jerry Springer. Again these are civilians with a 20 plus year jump on me forming a vigilante group. They even sat down and voted to embarrass me for calling the police. Which still happens to this day! If I'm supposed to meet with and speak to a cop, something happens. Or they present to be the the police. They always know where I am. And my circle is very small. I called AID and turned over my cell phones and hard drives, they were refused and never examined. "We need other evidence before we can test these" Which he , Officer Chris something in Cobb County Cyber Crimes never explained what else they needed and I was dismissed, and called a child molester on the way out. I asked for that to be investigated and was ignored and hospitalized a few days later. So again what can I do to get this moved from rumors to the court of public opinion to the magistrate court? I know what they're doing. And it's purposefully being done.</p> <p>Thank You,  TiAunnie N. Calhoun  743 Somerset Court S. E.  Marietta, GA. 30067  678.558.3177</p>

People who are entrusted with medical care for people who are genuinely ill should not be permitted to make such threats against others who they might get into arguments with on the internet, get into accidents with while driving or have other personal issues with. There needs to be oversight to prevent this type of abuse.
