To Whom It May Concern

This letter is written on behalf and at the request of Ramola D/Dharmaraj.

I have known Ramola D/Dharmaraj for about a year or more as a result of our shared studies at FACEBOOK and our many communications both online and by phone.

I hold her in the highest esteem and I consider her a brilliant mind with a superb ability to delve into complex matters regarding which many individuals may have no knowledge. She is honest, straightforward and willing to share her skills and insights with others, particularly in efforts to assist people who are dealing with issues such as high technology used by the intelligence services. She is trusting of others with whom she often shares her insights, and I have benefited immensely from my work with her.

Ramola D is also well known and respected by thousands of my associates (and perhaps hundreds of thousands of others globally) and she works diligently to stay abreast of developments in advanced non lethal weaponry, inter alia, which is a compelling topic for people everywhere.

I also know her to be one of the most grounded and stable individuals with whom I have ever had the honor and privilege to share information and research. She gives much of herself to others when they need her assistance and she is truly a leader in our community of scholars and educators.

Her family is of paramount importance to her and she labors intensely to care for her child and her husband, even as she undertakes some of the most difficult studies of our time.

I know that Ramola D/Dharmaraj is a valuable asset to our society and that she brings great credit to any person or organization with whom she may associate.

If I can be of any further assistance, please contact me online at gsosbee@gmail.com, or at GERAL SOSBEE, Attorney (Texas License 1885565), P.O. Box 3834, McAllen, Texas 78502.

Thank you.
