To Those Concerned:

Attached is a letter that I wrote in 2007 to the people in your current positions. This letter was written to advise them that I had become a victim of torture which began when I was a resident of Columbia on or about 1999-2006 and these remote attacks continued while I was a resident of Mt. Pleasant, 2006-2010, 2011-2013, though I asked for their protection. In 2013 I moved to Dayton, Ohio to pursue the Doctoral Program at United Theological Seminary and to see if moving would bring the constant stalking, harassment and abuse to an end. Now that I've been back in Columbia for 18 months the remote assaults continue. The alleged perpetrator has not changed and I continue to ask for protection.

I moved back to Columbia in December 2015 to assist in caring for my aging mother and continue to own property in Mt. Pleasant. Since being back, the stalking, harassment, and abuse described as torture continues. Though I have named the person I have been told is responsible for the abuse, I am forced to endure the constant assaults, privacy invasion, destruction of my property and decline in my health. I have not been able to get any real investigation to be pursued that either questions my witnesses and examines my evidence nor have steps been taken to ask for the assistance of those in upper law enforcement agencies and military departments, if necessary, to solve the source of the threats to my health and life.
